

## Kissing Cousins

In the early days of our country, the population was not as wide or diverse as it is today. It was not uncommon for families to intermarry because there were few options or to keep the wealth within the family. More surprising are distant cousins who don't realize they are related. Some cousins have multiple common ancestors.

To find the common ancestors, find the family (using the Family ID #), then search the Relationship between spouses. You can choose to search for more than one common ancestor (Maximum Number of Relationships), but multiple searches take more time.

<i>Family ID #</i>	<i>Family Name</i>	<i>Marriage Date</i>	<i>Misc. Notes</i>
3202	Abijah Sprague CARTER & Hannah Joan CARTER	30 Mar 1857	Husband and wife are 2C1R.
